[Announcement](#)

Composite Power Group Inc., Ontario representative for Fisher Pierce Sun-Tech is pleased to announce the appointment of **Grafton Utility Supply Ltd** as the Exclusive primary distributor for the Province of Ontario.

Grafton Utility Supply is Canada's leading stocking distributor serving the Canadian electrical utility markets with sales and service support since 1977.

Fisher Pierce OLC and Sunrise Technologies manufactures the largest product selection of outdoor photoelectric controls, contactors and multiple relays, wire-in photo controls and accessories. Please join us in welcoming Grafton in this new partnership. We look forward to working closely with our utility customers to supply solutions in CSA approved photo control technologies.
